# ENCHANTING GEOMETRY

## ANN VAN HOEY

'Enchanting Geometry' vat de dialoog tussen verschillende meetkundige vormen, wat resulteert in elegantie en puurheid. De uitvoering van de borden in superieur bone china porselein zorgt voor een verrassende luminositeit en draagt bij tot de finesse en verfijning van het gastronomische geheel.

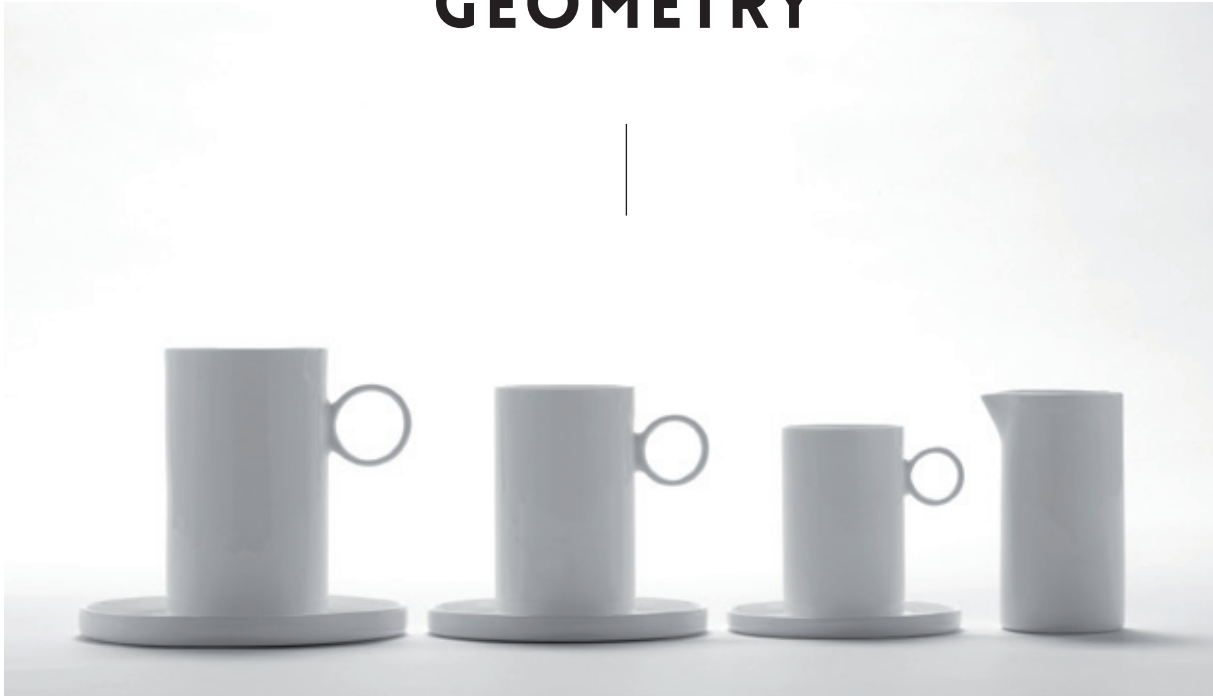

« Enchanting Geometry » saisit le dialogue entre différentes formes géométriques et incarne merveilleusement l'élégance et la pureté. Les assiettes en porcelaine fine Bone China dotées d'une surprenante luminosité contribuent pleinement à la finesse et au raffinement de l'ensemble gastronomique.

'Enchanting Geometry' captures the dialogue between different geometrical shapes, which results into elegance and purity. The implementation of the plates in superior Bone China porcelain, provides a surprising luminance and contributes to the finesse and refining of the gastronomic experience.

'Enchanting Geometry' sintetizza il dialogo tra diverse forme geometriche, dando come risultato eleganza e purezza. La realizzazione dei bordi in porcellana Bone China di qualità superiore garantisce una luminosità sorprendente e contribuisce alla raffinatezza e perfezione di tutto l'insieme gastronomico.
